BALTIMORE CONVENTION CENTER AND PROJECTION PRESENTATION TECHNOLOGY RENEW CONTRACT FOR AV SERVICES

BALTIMORE, MD – Projection Presentation Technology is excited to announce that it has renewed its contract with the Baltimore Convention Center (BCC), continuing a relationship that began in 2008. Projection has again been named the preferred in-house audiovisual vendor for the BCC for another five years.

Projection and the BCC have experienced great success working together over the past four years, with the convention center seeing their third highest number of room nights booked in FY2011 and Projection servicing many of the repeat events that come through the convention center each year. "Getting the job done is all about teamwork, from the BCC sales team to the Account Executives who execute the actual event in its entirety, and finally the Projection team that makes these events what they are... Phenomenal!" said Derek John, Projection's General Manager of the Baltimore Convention Center.

"Projection Presentation Technology has been an integral part of the Baltimore Convention Center's team for the past five years," said Baltimore Convention Center's Executive Director, Peggy Daidakis. "The Center has one of the most technologically advanced facilities because Projection is part of the team. Their professional and dedicated staff is committed to providing exceptional customer service. I am pleased that they have renewed their agreement to be a part of our organization and look forward to continuing our efforts to advance the Baltimore Convention Center as one of the leaders in the hospitality industry."

About the Baltimore Convention Center (BCC)

The Baltimore Convention Center is the premier location for conventions, tradeshow and expositions in the Mid-Atlantic Region. For more information, visit <http://www.bccenter.org>.

About Projection

Projection is a privately held national audiovisual company with numerous convention center contracts throughout the US in addition to the Baltimore Convention Center. Projection Presentation Technology offers total presentation solutions for conventions, meetings and professional events. We strive for standards qualitatively and quantitatively above the competition. Projection's services include audiovisual equipment, computers, custom stage designs, production management for general sessions, digital signage, webcasting services, conference recording and much more.
